Good Morning all,

Thank you very much for attending the meeting yesterday. As per your request, attached please find the light level readings we had back in 2017 for your review. Looking forward to seeing you all at the next workshop.

Best regards,

Hello Masami,

Please see attached report we provided back in 2017 with light level readings. The light levels were not too low to be accepted. And is not much lower than the plaza across the street. But the stores on one side of the street are closed at night which makes it appears darker and less inviting.
